

Silver Clay Beginners Jewellery Workshop

Create your own beautiful solid silver jewellery in this relaxed, beginner-friendly workshop. Using magical silver clay, you'll design and make your own pendant or earrings — all with expert guidance throughout.

No experience is needed, and you'll leave with jewellery you'll be genuinely proud to wear or gift. You'll have access to a wide range of textures and design inspiration, helping you create pieces that feel personal, meaningful and completely unique to you.

Your workshop includes enough silver clay to make either one statement pendant or a pair of earrings.

During the experience, you'll be gently guided through each stage, from shaping and texturing the clay to refining, torch-firing and polishing your finished pieces.

By the end, you'll have transformed soft silver clay into your own shiny, wearable solid silver jewellery.
